MILES AND ALGER OUT

Secretary of War and General Have a Serious Quarrel.

IT IS LIKELY TO CALL FOR AN OFFICIAL INVESTIGATION.

New York, Aug. 25—Special—The Journal's Washington dispatch says: Gen. Miles' return to Washington means an investigation of the campaign as engineered by the war department against Santiago. The Herald says an open rupture between Alger and Miles seems inevitable.

Garcia's Returning Reason.

Washington, Aug. 25—Special—There are indications that Garcia, the Cuban insurgent leader, is recovering his senses. His presumption some months ago disgusted the American commanders, and on orders from the war department he received a severe snubbing. It appears that he has now determined to make a virtue of necessity, for he has issued orders to his followers to respect the authority of the United States in all matters affecting the government of the Cuban provinces. Garcia is ambitious, and realizes that he can only advance his own interests by cordial co-operation with the plans of the United States. This probably accounts for his change of tactics.

Want the Cuban Trade.

Washington, Aug. 25—Special—A great stimulus promises to be given to our Cuban trade. While the United States has always had a large share of the commerce with Cuba there are indications that it will now become practically a monopoly. Three steamship companies are already striving to divert all the trade of the island to this country. One will make Santiago its Cuban base, another will ply between Havana and American ports, and the third proposes to take in the other northern Cuban ports, carrying on traffic in tobacco, cigars, and tropical fruits. They all ask special privileges of the treasury department, but as yet regulations for the government of this trade have not been adopted and the promoters will have to wait awhile.

A Riot in Camp.

Chattanooga, Aug. 25—Special—A negro peddler was stoned to death in camp yesterday, and two others badly injured. The trouble was caused by the killing of Sergeant Frank, of the Ninth New York, who was thrown under a train by a negro named Cattoli. When his companions heard of his death they swore to kill any negro who came into camp, and when the peddlers arrived the soldiers assaulted them with stones.

Dewey to be Reinforced.

New York, Aug. 25—Special—The Journal's Washington dispatch says: Dewey's squadron at Manila is to be reinforced by four crack vessels of the North Atlantic squadron. The Oregon, New York, Brooklyn and Indiana are the ships that will probably be chosen. They will reach Manila early in the fall.

Surgeon Under Arrest.

Columbus, O., Aug. 25—Special—A letter has been received here from Guayama, Porto Rico, saying that Surgeon Shaw, of the Third Illinois, is under arrest for protesting against the plan of sending all the sick to the general hospital instead of allowing the regimental surgeons to take them.

Schley Has Recovered.

Norwalk, Conn., Aug. 25—Special—Commodore Schley has fully recovered from his recent illness. He left for New this morning, and later will go to Washington.

Ordered to Huntsville.

Washington, Aug. 25—Special—All the troops now stationed at Fernandina, Fla., have been ordered to go to Huntsville, Ala., immediately.

To Visit Camp Meade.

Harrisburg, Aug. 25—Special—President McKinley will visit Camp Meade Saturday.

SIXTEEN ARE DROWNED

Ocean Liner Sinks a Fishing Schooner On The Banks of Newfoundland.

New York, Aug. 25—[Special]—The Thingvallia Liner Norge sunk the fishing schooner La Coquette on Saturday on the Grand Banks. Sixteen men went down with the unfortunate vessel. The Norge arrived this morning with the survivors, six men, and a dog. The collision occurred in a fog. The schooner was struck squarely amidship by the Norge's bow, and sunk instantly.

REPORT NOT CREDITED

Doubt Expressed as to the Alleged Shooting of Millionaire Huntington.

Saratoga, Aug. 25—[Special]—The rumor that O. P. Huntington was shot in the Adirondacks is not believed here. Telegraphic communication with Huntington's camp has been re-established, and at noon nothing concerning the alleged accident had been received.

THE BRITISH IN EGYPT

Battle With Rebels At Omdurman Is Expected to Take Place Soon.

London, Aug. 25—[Special]—The British Egypt troops are expected to move to Omdurman today. The fighting force consists of twenty thousand men, and little resistance is anticipated.

DEMOCRATS MAKING READY

Preliminary Notes From the State Convention at Milwaukee

Milwaukee, Aug. 25—It is evident that the democrats will not lack for timber from which to choose their gubernatorial candidate, and it is reasonably certain that with the exception of counties having a candidate of their own delegates to this convention will be practically unopposed. Several of the democratic candidates for governor have already opened headquarters at the Plankinton and formally announced their candidacy and will keep open house from now until the time of the convention. The other candidates will have headquarters there within a few days and there will be at least a dozen aspirants, who all look hopefully forward and claim to have assurances that sufficiently warrant their candidacy. The democratic state central committee has also opened headquarters there, and ex-Governor Peck, chairman of the state central committee, and his aids are now to be found there almost constantly. The meetings preliminary to the democratic caucuses will be held in this city tomorrow evening, and Monday afternoon and evening the regular democratic caucuses will be held.

UNDER HEAVEN'S CANOPY

Tents Were Rent by the Wind and the Show Was Given Out of Doors.

Those from this city who went to Brodhead yesterday to see the John Robinson circus were obliged to sit in the broiling sun during the afternoon performance.

At Burlington, Wis., the day before the show encountered the same severe wind and rain storm that visited this section. The entire top of the big tent was blown high in the air and torn into a hundred pieces.

That was the reason why people were obliged to sit in the sun yesterday.

The show left Janesville so late yesterday that it was 12:30 o'clock before they made a parade. The performance in the evening was not largely attended, but it gave good satisfaction.

EVANSVILLE DID SPLENDIDLY

But the Modest Efforts of Neighbors Should Not Be Decried

The Evansville Tribune seems to think that Janesville was not so much when she raised \$45 last Friday night at an ice cream social for the sick soldiers at Jacksonville. It says: "Janesville papers are praising the ladies of that city for their success in raising \$45 Friday evening, for the relief of sick soldiers at Jacksonville, from an ice cream supper and concert, which they are richly deserving of, but it was but a few evenings since that the ladies of this little city realized over \$65 for a like purpose from a supper alone. Evansville of its size always comes to the front upon worthy occasions for the relief of suffering of any and all kinds."

Lombard Plums.

A splendid time for preserving. Delicious Lombard plums is now the fruit; is in splendid form, and it's very cheap. We are selling very large baskets for 40 cents. We won't promise the price to remain long at the present low figure, so if you can use any of them, better get your order in early. Sanborn.

READY TO BEGIN WORK

Hawaiian Commissioners Arrive At Honolulu and Will Revise the Code.

Honolulu, August 17—[Special]—Messrs. Cullom, Morgan and Hitt, the Hawaiian commissioners, have arrived. They will immediately begin the consideration of code changes.

FIFTY PEOPLE BURNED

Premature Explosion of Fireworks at Hamburg Causes Great Havoc.

Hamburg, Aug. 25—[Special]—Fifty people were injured in an explosion of fireworks at the Turnfest held near this place.

WEATHER FORECAST.

Chicago, Aug. 25—[Special]—Forecast for Wisconsin:

Fair tonight and Friday.

SCOTS HAD A MERRY PICNIC

Those of the Presbyterian Faith Gathered on the Green at Clear Lake.

There was a merry time of it at Clear Lake yesterday. The Scotch Presbyterian church and Sunday school of Rock Prairie held its annual picnic there, and if one is to judge from the good time that everybody seemed to have, a more delightful event could not have been wished for. From all portions of the county picnickers arrived during the day. Edgerton, Milton, Milton Junction and Janesville sent good sized delegations. A report that attended all was one of the numerous features of the day's program.

Excellent speeches were made, which were well received. James Menzies was on hand, and delivered a good address. The Scotch may well feel proud of yesterday's picnic, and the manner in which it was conducted.

WILL HAVE A SUNDAY PICNIC

Beloit Dromedaries Will Entertain Guests From Janesville

Fifteen young men from this city intend to leave here Sunday morning in a carryall for Beloit, where they will spend the day as the guests of the Lino City Dromedaries, who will give their first annual picnic on the banks of the Rock.

The Dromedaries, by the way, are nothing more or less than a social club composed of young men who are supposed to firm believers in the old saying: "Enjoy life while you can, for you'll be a long time dead."

Invitations received in this city read: Reception Committee—Frank Woll, James Buchanan, Frank Frost, Louis Goss, Frank Downs, Frank Schmauss. Music by Lino City, Belvidere and Delavan Quartettes and Kono Mandolin clubs. "So out the cards."

A RUSH FOR CHEAP PICTURES

Photograph Gallery Is Doing a Big Business These Days.

Janesville has gone photograph-crazy. A few weeks ago a penny gallery struck the town, and renting a suite of rooms on West Milwaukee street, hung out a sign and waded in. The proprietor of the gallery now states that he never visited a more profitable spot since he has been in business. The first day the gallery was opened here two hundred people sat for their likenesses. As each person ordered a dozen pictures it meant 2,400 photos turned out that day. The subjects were men, women and children of all ages and faces. Since opening day here this gallery has turned out nearly 45,000 pictures, and still the people are keeping it up.

TIRED OF BEING BEATEN

Mrs. Sentenne of Beloit Has Her Husband Sent to Jail

Robert Sentenne, of Beloit, is now confined to the Rock county jail and is liable to stay there for the next thirty days. The prisoner was arrested in the Lino City, charged with cruelly beating his wife. He does not deny the charge but he does state that he now believes he is getting the worst end of the bargain.

Mrs. Sentenne, who is a bright appearing little woman, says that she will not stand such treatment from her husband any longer, and from now on it ceases to be a joke. Mr. and Mrs. Sentenne have been married about seven years and have two bright appearing children.

COLLEGE CYCLERS ARE HERE

Made The Trip From Nebraska to Attend Milton College

A. L. Van Horn, P. E. Clement and W. F. McWharter, all of North Loup, Neb., were three travelers through the city yesterday enroute to Milton, where they will enter college. The young men made their way the entire distance on their wheels, having been three weeks on the road. A portion of this time was spent in waiting for the clouds to roll by. They came up from Rockford and pushed on to Milton which place they expected to reach in time for dinner.

LUZON TO BE RETAINED

The President Has Decided to Keep the Island.

TRADE WITH CHINA AND JAPAN REQUIRES A DEPOT.

Washington, Aug. 25—Special—Business men from all parts of the country are sending memorials to the president, asking that the Philippines islands, or at least the island of Luzon, be retained as a prize of war. America's trade with the orient has largely increased of late years, and now exceeds that of any other nation. It is pointed out that in order to foster this trade a naval and commercial station is needed in the Philippines. These memorials, it is said, confirm the president in the policy he has all along favored, and the commissioners for the settlement of affairs with Spain will receive instructions in conformity with this policy.

We May Get Jamaica.

Washington, Aug. 25—Special—The reported movement in Jamaica for annexation to the United States has not escaped the attention of members of the administration here, and a proposition is being discussed that may lead to the fulfillment of the wish of the people of that island. It is in brief to cede to England one of the islands in the Philippines or the Carolines in return for Jamaica. England has little use for Jamaica, and the United States can dispense without hardship. It is believed that the two governments may be able to agree upon an exchange that will be mutually satisfactory and advantageous.

Spain Will Act Early.

London, Aug. 25—Special—The convening of the Spanish cortes in September is regarded as an evidence that Spain is anxious to obtain a settlement of the issues of the war with the United States as early as possible. It is understood that prompt action in this matter will alone prevent a formidable domestic uprising which may prove more disastrous to the monarchy than a foreign war.

Coming From Porto Rico.

Washington, Aug. 25—Special—Gen. Miles has been ordered to send home from Porto Rico all troops not actually needed for service there. It is expected that some of the troops will be sent home immediately. The point of debarkation has not been chosen, but the first consignment may go direct to New York.

To Be Mustered Out.

Washington, Aug. 25—Special—The war department today ordered the following regiments to be mustered out: Two Iowa volunteer batteries; two Oregon volunteer light batteries; one Wisconsin volunteer light battery; Sixth regiment Illinois volunteer infantry; Second regiment Wisconsin volunteer infantry.

Tracy Is Out.

Washington, Aug. 25—Special—Senators Frye and Davis had a long conference with the president this morning about the policy of the American peace commissioners. Gen. Tracy is believed to be out of the question altogether as a member of the peace commission.

New Steamship Line.

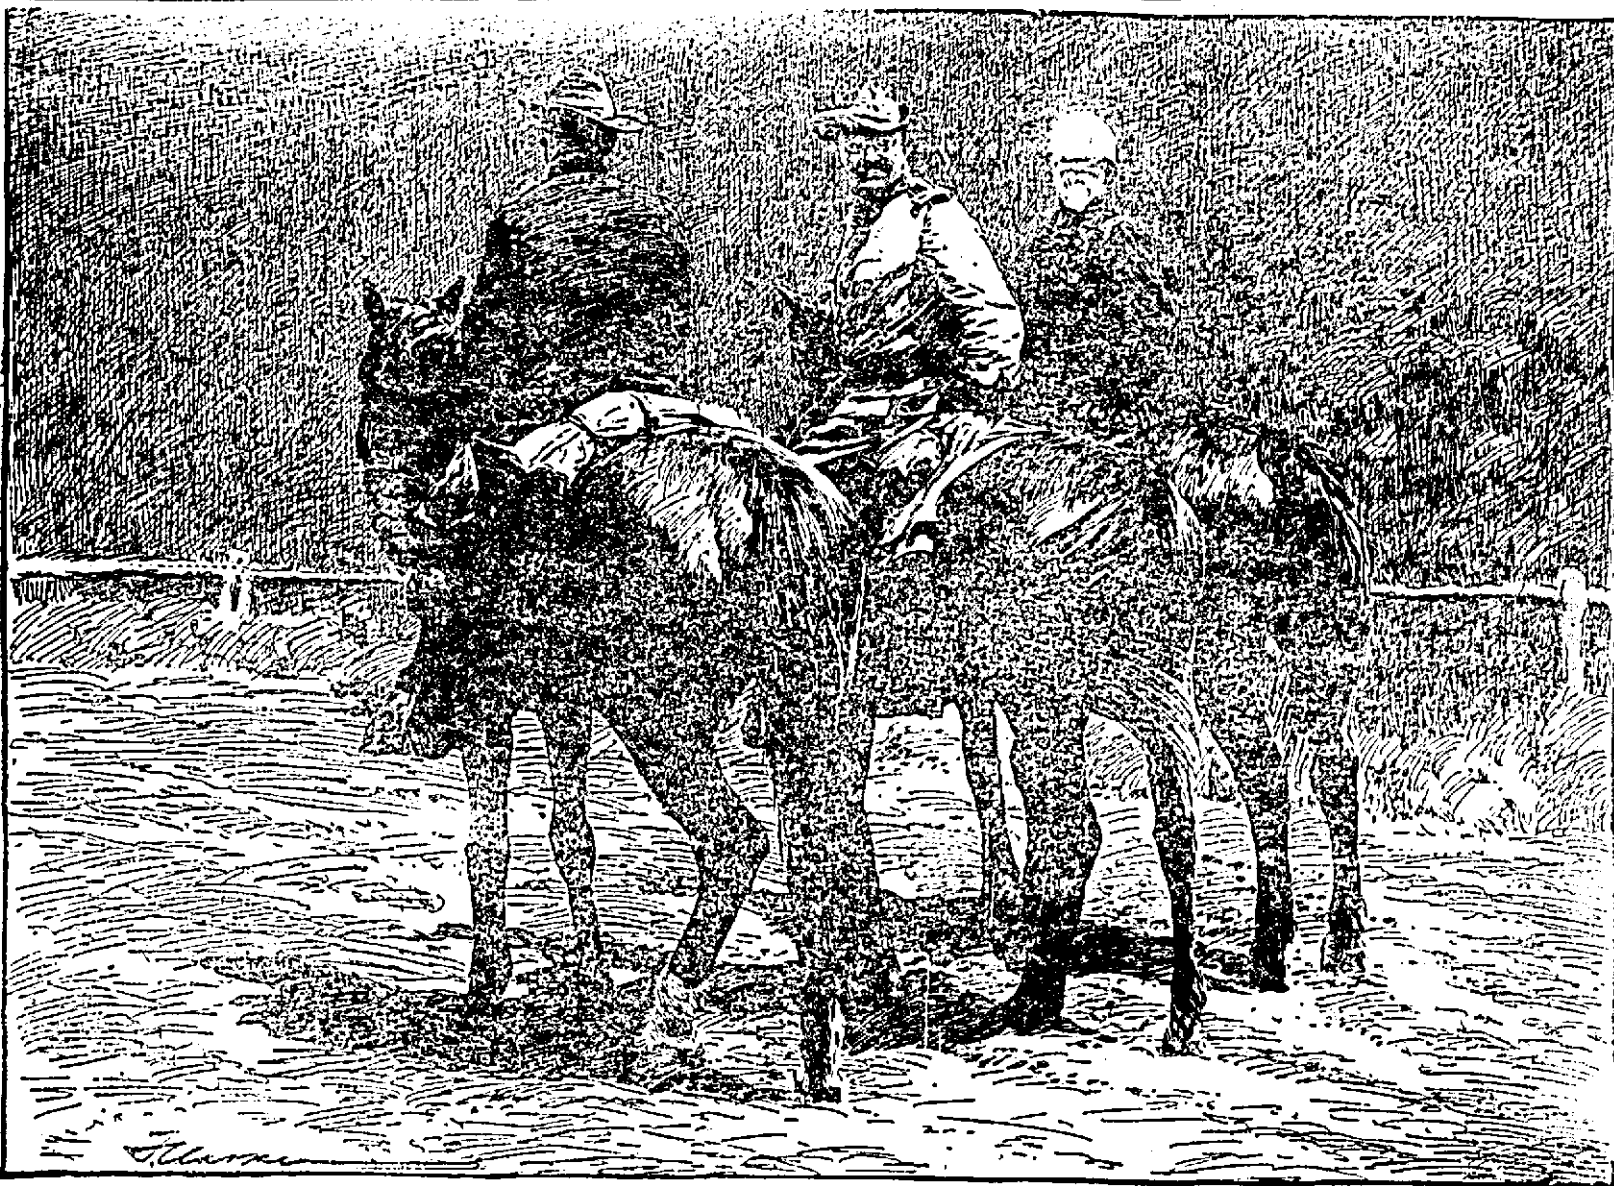

Washington, Aug. 23—Special—Within a week a line of government transports will be running between the United States and Cuban and Porto Rican points. They will carry supplies and the mail.

An Extra Session.

Washington, Aug. 25—Special—It is rumored that the president is considering the advisability of convening congress in extra session about October 15.

Back On His Ship.

New York, Aug. 25—Special—Commodore Schley arrived this morning and immediately went aboard the flagship Brooklyn.

GENERAL WHEELER AND COLONEL ROOSEVELT RIDING INTO CAMP AT MONTAUK POINT, L. I. FROM HARPER'S WEEKLY
Reproduced from Harper's Weekly. By Permission. Copyright, 1898, by Harper & Brothers.

Perhaps the most interesting feature of the war to the average reader are the camps which are now being formed, composed of the troops that have seen service. Of these camps, Camp Wykoff is the most interesting and the largest. The troops that have seen active service around Santiago are arriving there as fast as the transports can bring them from Cuba. The camp itself is situated in an ideal spot for such a purpose. It is at the east-

ern extremity of Long Island, on a point called Montauk, which breaks out into the Atlantic Ocean, and for a distance of about ten miles is a rolling country, entirely free from trees and covered with turf. A narrow strip of sand joins it to the mainland. This entire point has been given over to form a camp of about 30,000 men. The hospital tents, the detention camps (where those suspected of contagious fever are confined), and the headquarters of the different generals are all marked with appropriate flags, so that any one viewing the

place from the hills can point out the different parts of the whole camp. Here day by day men are arriving from Cuba—men who have become famous in the Santiago campaign—and many of those who have been reading about from day to day may be seen riding or walking about in their war-stained uniforms. One of the most picturesque and interesting sights was the landing, a few days ago, of the famous First Volunteer Cavalry, known as the "Rough Riders," and when they came through with Colonel Theodore Roose-

velt at their head, and General Wheeler, the commander of the Cavalry division with them, the enthusiasm of those who were gathered there was extraordinary. The illustration which we print this week, and which is reproduced from Harper's Weekly shows Colonel Roosevelt and General Wheeler at the head of their troops, being escorted by General Young, who was in command at Camp Wykoff at the time, to the particular hill where they have since formed their camp.

CONVENTIONS ARE ALL THE RAGE NOW

MANY ARE BEING HELD IN THIS STATE AT PRESENT.

Seventh Day Baptists at Milton Junction, German Catholics at Milwaukee, and Prohibitionists at Oshkosh Are Attending to Business of Interest to Their Cause.

Oshkosh, Aug. 24.—The state convention of Wisconsin prohibitionists opened here this morning. Meetings are held in North Side Turner hall. The attendance was about 100, and Chairman Clayton expects 350 to 400 before the day closes.

J. B. Smith, the Madison attorney, who has been chosen as temporary chairman of the convention; was at the head of the delegates, who came chiefly from Richland, Iowa, Dane, Green, Rock and Walworth counties. The Badger quartette arrived with the delegation. It is composed of W. N. Cork, Arena, first tenor; F. E. Lewis, Arena, second tenor; F. A. Alden, Madison first bass, and G. S. Sawien, Arena, second bass and will be the chief musical feature of the convention.

Yesterday there was a conference of delegates, and later a session of the state central committee. J. E. Clayton reviewed the work of the past year, and recommended more thorough organization.

Among the prominent candidates for governor are E. W. Chaffin, of Waukesha; and W. H. Clark, of Elgin; for lieutenant-governor, W. W. Cooper, of Kenosha; J. C. Marr, of Mineral Point; F. R. Sebanthal, of Eau Claire.

The candidate for state treasurer is L. B. Baker, of Racine, and for state superintendent, Robert Whitcomb, of Evansville.

Last evening a large audience listened to an address delivered by O. W. Stewart, chairman of the Illinois prohibition state central committee.

SEVENTH-DAY BAPTISTS.

Their Annual Conference Now in Progress at Milton Junction.

Milton, Wis., Aug. 25.—The Seventh-Day Baptist general conference began its annual session at 10 o'clock yesterday, at Milton Junction, and will continue for six days. The conference opened with the president's address by Dr. Wardner Williams, director of music in the University of Chicago.

The conference is held in a large tent, with a seating capacity of several thousand. Dinner and supper will be served each day in a dining hall erected for this purpose, seating 400 persons. The meats and vegetables are cooked by steam. Sixty bushels of potatoes and other eatables in proportion are required to feed this assemblage.

A special train arrived yesterday at 5 p. m. over the Chicago & Northwestern railroad, bringing a large delegation from Maine on the east, from Louisiana on the south, the Dakotas

on the north and from the Pacific coast.

WISCONSIN FORESTERS.

Elect Officers of the Supreme Court, and Adjourn.

Marquette, Wis., Aug. 25.—After the adoption of resolutions thanking the local courts for entertaining the convention, the Wisconsin Court of the Catholic Order of Foresters adjourned. At the business session held yesterday afternoon the delegates to the national convention were induced to vote for the reserve fund plan and a change of constitution requiring the holding of biennial conventions instead of annual. The following named state officers were elected:

Chief Ranger—Thomas J. Cullen, Milwaukee.

Vice Chief Ranger—J. W. Dunne, Stevens Point.

Secretary—Gustave Keller, Appleton.

Treasurer—J. J. Norton, Watertown.

Trustees—John Kuypers, DePere; Michael Colbert, Racine; J. Brehm, Waukesha.

Last night the visiting Foresters enjoyed a banquet given by the local Foresters and it closed the convention.

ELECT OFFICERS FOR THE YEAR

Central Union of German Catholics of American Close Business.

Milwaukee, Wis., Aug. 25.—The Central Union of the German Catholics convention completed its business yesterday afternoon with the election of officers for the coming year. All of the present incumbents were re-elected with the exception of the two vice-presidents, George A. Seherer of Peoria, being elected first vice-president and Joseph E. Host of Milwaukee.

NO NOBLE CHARGERS.

HORSES HAVE HAD BUT LITTLE CHANGE IN THIS WAR.

Famous Battle Steeds Which Have Won Unfading Glory In Other Wars and How They Have Ended Their Days. Why Shafter Made a Mule.

It looks as if there were to be no famous warhorses in this lopsided struggle with Spain. That is too bad. The noble charger who has borne a great general through some fiercely fought battle makes a picturesque peg on which to hang pretty sentiments. He gives the poets a fresh inspiration and his photographs sell well.

But thus far the horses have had but little chance. In the Santiago campaign only a very few horses were used. Colonel Roosevelt was fortunate enough to have one, but it was shot down under him at the charge up San Juan hill. Even General Shafter did not have a horse there until the fighting was practically all over, and he made his famous advance on Santiago with his 300 pounds of martial bulk poised not altogether gracefully on the back of a sturdy wheel mule. How unpoetic! But then, Shafter was always decidedly practical.

In his Porto Rican campaign General Miles has had a fine opportunity to supply this deficiency of equine idols, for he has with him a fine black charger which looks as if it might rise to any occasion. But how is a charger, no matter how mettlesome, to win undying fame when it meets nothing more formidable than a Porto Rican brass band?

How are the wars that have not made famous some noble beast. At least a half dozen gallant chargers are remembered in connection with the civil war. First and foremost, of course, was General Sheridan's black charger Winchester, which carried "Little Phil" into the fight "from Winchester, 20 miles away."

Winchester was an ideal warhorse. He survived all the perils of battle and lived to a good old age, not dying until 1876. In his case the fancy of the poet has been more than realized, for not only have the statues of both horse and rider been "placed on high," but the skin of the noble animal was stuffed and can now be seen in the army museum on Governors Island, New York harbor.

General Robert E. Lee and General Ulysses S. Grant, Generals Stonewall Jackson and Sheridan all brought their favorite chargers safely through many bloody battles, and both Generals Lee and Jackson were outlived by their warhorses. Cincinnati, General Grant's most famous steed, was presented to him by a man also named Grant, but no relation of the great commander. Cincinnati

GENERAL MILES ON HIS BLACK CHARGER. met weathered the perils of war and died as sincerely lamented as he had lived respected.

Traveler, General Lee's horse, carried his master through nearly all the battles at which he commanded, was never himself wounded, and in decent mourning attended the general's funeral. It is said he whinnied sadly when the coffin was borne before him, and shortly after, in grazing about his peaceful pasture, he stuck a nail in his foot and died of lockjaw. He was given honorable burial, and, unlike most warhorses, he lived out his full allowance of 15 years.

It was on the brink of Sorrel that Stonewall Jackson received his death wound, and the plucky little horse then passed into the keeping of his master's father-in-law, a clergyman. In 1886 he died a death natural to venerable horseflesh after having seen nearly ten terrible battles, and his body, very skillfully mounted, now stands in a glass case in the library of the Soldiers' home, Virginia.

General Fitz-Hugh Lee rode the handsomest horse in the Confederate army—a thoroughbred mare named Nellie Grey. But spite of her beauty and her bold, brave spirit poor Nellie fell in the thick of the fight at the battle of Winchester and was sincerely mourned.

A sober brown horse, the one he rode at the surrender of Lord Cornwallis, was hung with elaborate mourning robes and led by a groom, followed quietly behind the coffin of his dead master, General George Washington. A true Virginian, Washington was a splendid horseman, but he never settled his affections on any one steed. Two or three times he lost his horses in battle, and while seated on one particularly handsome white horse, Dolly, his portrait was painted. None of his chargers weathered any number of severe engagements, as did Old Sorrel and Traveler.

One warhorse, who made a splendid record for himself and now has his virtues, name and noble deeds engraved on a fitting tombstone, was the little chestnut the great Duke of Wellington rode at the battle of Waterloo. Copenhagen, from which city he came, was a spirited thoroughbred, standing 15 hands high, and \$2,000 was the price paid for him by the duke.

PANA LOOKING FOR TROUBLE.

Negro Miners Arrive but Are Not So Far Molested.

Pana, Ill., Aug. 25, midnight.—The town is in a state of intense though pent up excitement, and there is a feeling that trouble may break out at any moment. The strikers are ominously quiet.

Three carloads of negro miners reached the Springfield colliery at 9 o'clock Wednesday morning. Their arrival was not even suspected by the strikers, but a second trainload of colored miners is expected by the operators before the end of the week. They declare 1,500 skilled miners can be had in Alabama for the asking, and probably 600 will be imported altogether.

The train was sidetracked until 1 a. m. so as to reach here at 9 a. m. There were desertions at Cairo and Centralia, where a committee from the strikers boarded the train.

The striking miners have created a diversion by calling for the presence of Walton Rutledge of Alton, who is district mine inspector. David Ross ordered him to proceed to Pana to ascertain if the negroes are experts, and he arrived tonight. There is a law requiring that in each chamber there must be one miner who can prove two years' experience. The manner of proof may give trouble, though the operators say the majority of the negroes are experts.

OHIO DEMOCRATS ADJOURN.

Declare Preference for William J. Bryan in 1900.

Dayton, O., Aug. 25.—The democratic state convention nominated the following ticket: Secretary of state, Upton K. Guthrie of Marion; judge of the supreme court, David S. Fisher of Delaware county; food and dairy commissioner—John Baker of Hancock; member of the board of public works—T. Dwight of Summit county.

The effort to get a new plan of party organization in Ohio failed of adoption, but it was given another chance by such reference as will bring it up next year. The new organization seems to satisfy those working for the nomination of Paul J. Sorg for governor next year, and is not displeasing to the McLean, Brice or other elements. The campaign this year will be made on the Hanna issue, and next year on Senator Foraker for not taking steps against Hanna. While the resolutions do not favor unlimited colonial expansion, Gen. Findlay, chairman of the convention, said the platform meant to expand by the consent of those to be governed. The most decisive feature of the convention was its preference for Bryan in 1900 on the same platform as in 1896.

Bankers Show Patriotism.

Denver, Colo., Aug. 25.—The session of the bankers' national convention Wednesday was an interesting one. The addresses of several delegates treated of intense patriotism that elicited enthusiastic applause. After the first paper was read and discussed the following message was sent to President McKinley: "The American Bankers' Association, in its twenty-fourth annual convention, assembled in Denver, Colo., representing banks in every state and territory, begs most heartily to congratulate the president of our beloved republic upon the successful conduct of the war, and the brilliant achievements of our army and navy and the prospects of peace."

Big Crops in Manitoba.

Winnipeg, Man., Aug. 25.—The government bulletin just issued indicates one of the largest crops in the history of Manitoba. Wheat crop estimated at 25,913,155 bushels, an average of 17.41 bushels per acre; oats, 18,029,944 bushels, average, 14 bushels; rye, 79,950 bushels, average, 25 bushels; peas, 83,474 bushels, average, 21 bushels. The figures in 1897 were: Wheat, 21,000,000 bushels; oats, 12,500,000; barley, 3,000,000. Cattle are doing well and weather is favorable for harvesting. Hay crop is slightly under the average.

Says State Funds Were Lent.

Madison, Wis., Aug. 25.—The examination of the books of the state treasurer, ordered by Gov. Scofield after his attention had been called to the fact that advances had been made from state funds to capitol employees and others, has been completed. In their report to the governor the examiners say they found such advances had been made, but they had now all been returned, and the books were now balanced. The money was all returned within a few days after the governor ordered Treasurer Peterson to collect it.

Kirk Phillips for Governor.

Mitchell, S. D., Aug. 25.—The republican state convention nominated Kirk Phillips for governor. The platform declares unequivocally for the gold standard of money and for energetic anti-railroad legislation; commends the president's course in war and diplomacy and demands the proper taxation of corporate interests.

Rumor Hunting Is Shot.

Saratoga, N. Y., Aug. 25.—A rumor has reached here to the effect that C. P. Huntington has been shot at his camp known as Pine Knot, on Raquette Lake, Adirondacks. The rumors have prostrated telegraphic communication, and Pine Knot cannot be reached. The origin of the rumor is not known.

Lightning Hits a Trolley Car.

Pittsburg, Pa., Aug. 25.—During a heavy thunderstorm Wednesday lightning struck a summer car on the Second avenue traction line as it was passing Greenwood avenue, and as a result one passenger is dead, another will probably die, and four others are badly hurt.

Unfermented Grape Juice

Free From Alcohol.

The juice from selected ripe grapes is taken from the press, cleared in cold storage, bottled so as to prevent fermentation, at the same time preserving all the elements and flavor of the fresh, ripe grapes. The composition of grape juice is nearer to that of milk than is that of any other organic fluid, and will be retained by the most delicate stomach. In convalescence after fever, nothing equals it in building up the system.

W. A. JACKSON, Secretary.

First Assembly District Convention.

A republican convention for the First Assembly district of Rock county will be held at the common council chambers at the city of Janesville, Wisconsin, on Thursday, September 1st, 1898, at two o'clock p. m., for the purpose of placing in nomination a candidate for assembly, to be voted for in said district at the general election in November next, and for the transaction of such other business as may properly come before the convention. The representation of the several wards and towns being as follows:

City of Janesville, First ward, ten; Second ward, six; Third ward, ten; Fourth ward, eight; Fifth ward, four. Town of Janesville, three; town of Rock, three; town of La Prairie, three.

Dated August 16, 1898.

By Order of the Rock County Republican Committee.

W. T. VANKIRK, Chairman.

W. A. JACKSON, Secretary.

BABCOCK IS MUCH PLEASED

Thinks the Future Success of the Republican Party is Assured.

Washington, Aug. 23.—Representative Babcock arrived here yesterday and will at once enter actively upon his work as chairman of the congressional committee. Mr. Babcock is very enthusiastic over the prospects for republican success throughout the country this fall. In speaking of politics in Wisconsin he said:

"I am willing to risk my reputation as a prophet in predicting that Wisconsin will this year roll up one of the old-time republican majorities. The state ticket is an excellent one, and from personal observation I am confident that success is assured."

Mr. Babcock said that so far as national matters and the support of the president are concerned the republican party throughout the west is a unit.

"I have yet to hear," he said, "the first criticism of Mr. McKinley from a western man. The difficulties we will meet apply both to the west and east, and refer to differences arising from contests in state matters. In the extreme west, the free silver sentiment has died out to a wonderful degree, and to a much greater extent than any one who has not been in the west lately would be inclined to believe. There is no chance there for recruits on that issue."

"Where will the gains in the number of republican senators come from?" Mr. Babcock was asked.

"At present," he replied, "we have thirty-six sound money republican senators who hold over. There are nine states in which elections take place, and in which it is absolutely certain that republican senators will be elected. This will give us forty-five or one half of the senate. In addition to the above, elections for senators take place in Nebraska, Wyoming, West Virginia, Delaware, New York, New Jersey, Indiana, California and Washington, and we have these states from which to secure gains. As I said I am satisfied that we will have a majority in the senate of from six to nine."

RARE DRAMATIC ATTRACTIONS

"The Heart of Chicago" Will Be Seen At the Opera House Next Monday.

On Monday next "The Heart of Chicago," a stirring comedy drama of the ultra sensational school will be seen at the Myers Opera House. The play

presents a deal of merit. Its scenic and mechanical features are well calculated to please the lovers of sensational melodrama. The two principal features of the play are a realistic production of the scenes during the great Chicago fire and an absolutely new railroad effect. "This is said to be wonderfully complete. Other scenes in the play represent the Masonic Temple Roof Garden at night, "The Court of Honor" at the World's Fair during a night illumination, and a panoramic view of the South Side from Madison to Twelfth streets, and from the five mile crib in the lake to the river. Mr. Carter is said to have been particularly fortunate in casting his new play.

FEAR THE RABIES IN DOGS

Two Canines Dispatched Because Their Sanity Was Questioned.

Mad canines seem to be all the rage in Janesville these days. Yesterday First ward residents in the vicinity of Pearl and Terrace streets were thrown into a panic by a little black dog that didn't look as though he could frighten a cat. A telephone message to the police brought Chief Hogan and Turnkey Brown to the scene, and after a long chase the little fellow was located under a porch at 234 Pearl street, where he no doubt had hidden to get away from the crowd of frightened people. It was said that he was mad, and accordingly he was shot.

A fox terrier felt good on Court street, and after making several queer moves in the street he ran yelping under Nelson Bros.' livery barn. Everybody said he was mad, so Officer John Brown killed him with a club. Such is dog life in Janesville.

A JOLLY TIME UP THE RIVER

St. Mary's Picnic Proved a Most Enjoyable One

At Crystal Springs Park today assembled a large crowd to attend the annual outing given by the members of St. Mary's church. The weather was cool, making an ideal day for just such an event. At 9 o'clock the steamer Columbia left her dock, making the first boat of the day. Aboard were a good sized delegation, each person being provided with good things to eat. At noon a picnic repast was served that fulfilled all wants. Games of all kinds that afforded pleasure to participants and spectators were indulged in and an excellent musical and literary program was carried out.

Father C. P. McBride of Oconomowoc, and Father Schneider, of Fort Atkinson, were on hand and joined in the festivities of the day. Both have a host of warm friends in this city who greeted them on all sides.

Rev. Father Goebel, the newly appointed priest to this city was on hand with the first boat and in all the events of the day he was conspicuous. The picnic was a success in every respect and the management are to be congratulated.

CASE IS AGAIN POSTPONED

Porter, Who Stabbed Mackin, Will Be Arraigned Next Wednesday.

When the case of the State of Wisconsin vs. Edgar Porter was called in the municipal court at 9 o'clock this morning it was adjourned till 9 o'clock next Wednesday.

James Mackin, who was stabbed by Porter, was unable to appear on account of his weak condition. On the statement of his physician that he is yet too sick a man to come into court and testify the adjournment was taken.

Porter was taken back to jail in default of the necessary \$250.

GOVERNOR SCOFIELD'S COW.

Soft-Eyed Bovine Likely to Be in Campaign Issue in Wisconsin.

From the Detroit Free Press: Gov. Scofield of Wisconsin has a cow. Her female bovinehip is a muley, and, following in the wake of the tradition that clings to hornless milk producers, she is a trouble maker. In fact, she is a Wisconsin gubernatorial campaign issue. The cow in politics is a new factor and the badger state's executive is running his fingers through his hair in distracted efforts to think of some way to rid himself of the incubus that the old bossy has created. The mild muley cow was brought from Oconto, the governor's home, to Madison to supply the executive family with milk, and the exact manner of her travel from Oconto to Madison may have an important bearing on the fate of the administration. Assemblyman A. R. Hall of Dunn county in a recent communication in a Milwaukee paper opposed the renomination of Governor Scofield on the ground that he was too favorable to corporations, and charged that after vetoing the express company taxation bill passed by the last legislature Governor Scofield franked the cow to Madison. The governor's friends say that they will publish the receipt of the express company to prove that he paid for the transportation of the animal, but those who are opposed to him say they can prove that the receipt was obtained after the affair got into the papers. Governor Scofield is said to be digging in history, ancient and modern, for an instance of the cow in politics. He has found that a certain animal had a foot in the destruction of Chicago in 1871, but any further instances of bovine political intrigue is not on record. The nearest analogous case was the cackling of the geese that saved Rome some years ago. The Wisconsin cow switches her tail when the subject is brought up, though there are no flies on her and refuses to talk for publication. Thus the tale of a cow may be written into Wisconsin political history. The governor pretends not to be worried, and explains the situation to anxious political advisers by excusing it as a cowslip out of season.

Thirty Languages at a Conference.

Thirty languages were heard at the polyglot conference given last January by all the pupils of the propaganda at Rome in honor of the sixtieth anniversary of the pope's first mass. The proceedings were opened by an English priest, who read an address in Italian explaining that a polyglot conference formerly took place every year at the propaganda during the octave of Epiphany, and that it had been thought advisable to revive the ceremony during the present year. Recitations were then given in Hebrew, Chaldean, Syriac, Arabic, Coptic, Armenian, Chinese, Malabar, Hindustani, Persian, Turkish, Zulu and Kafir, being followed by others in French, English, German, Polish, Portuguese, ancient and modern Greek, Latin and Italian, Gaelic, Slav, Albanian, Dutch, Roumanian, Norwegian and Hungarian.—Tit-Bits.

FARMER WRITES OF PABLO BEACH

DELIGHTFUL SEASIDE RESORT
FOR INVALIDS.

Quinine Used by the Doctors in Large Quantities—Eleven Out of the First Regiment Died in Thirty Hours—So Thin That He Walks With Difficulty.

George Farmer, of Co. A, writes local relatives an interesting letter which arrived here today from Pablo Beach, near Jacksonville. Of late he has been ill with the fever and was in the hospital two weeks. When a soldier at Jacksonville gets well enough to leave the hospital he is taken down to Pablo Beach, which is considered the best beach on the Atlantic coast, and for twenty miles along the shore one can ride a wheel.

Dosed With Quinine.

Some of the very sick patients are taken out at night for a ride. "When in the hospital I had to take forty-five grains of quinine each day," said Mr. Farmer. "I believe that is what made me so weak. I also had to take strychnine three times a day, and a drop of turpentine, and if that would not kill or cure I don't know what would. I was sick four days before I went to the hospital, and our regiment doctor told me that I had a touch of malaria, and gave me some quinine, saying that I would be all right in a couple of days. The next morning when the doctor came to see me he said that I had typhoid fever. Each patient has a sheet of paper with his name on it, and when the doctor comes around he just writes on it the kind of medicine one is to take. Our temperature was taken every night and morning, and also our pulse and respiration were registered. The highest my temperature ever got was 102.2-3, while others got up as high as 105. I lost only ten pounds while sick, and I am not going to be in a hurry to get away from this beach.

A Good Place To Be In.

"Waves eight feet high roll in here. Most of the sickness is malaria and typhoid fever, and in thirty hours time the First Wisconsin lost eleven men. The recruits who made the best shooting records were supplied with borrowed guns for the recruits were not equipped till they arrived in Jacksonville.

"We hear so many different reports here that we don't know what to believe.

"My gun is the same as those used by all men—the Springfield rifle, weight nine pounds.

Emaciated By Sickness.

"I got so thin in the hospital that my bones stick right out and it hurts me to sit down more than two or three minutes at a time unless I have a blanket or cushions under me. It will be all right just as soon as I get a little more meat on. I can't walk over fifty yards without resting.

"The dust and sand down here are awful."

Well Cared For.

A letter from Harry Collins was received here today by his mother, Mrs. Mattie Collins. It bears the Jacksonville date, and contains most interesting points. He says the boys are not suffering there for anything, and that at meal times they have everything one could wish for except cream for their coffee. He also mentions ice cream as being on the bill of fare.

NO CAUSE FOR COMPLAINT

Sergeant Brown Says the Boys of the First Are Well Cared For.

Sergeant Benjamin Brown, of Company A, who is now in the city on a furlough, takes exceptions to a number of things that have been said lately in the local papers. He says that those who have been casting reflections on the way Company A is managed at Jacksonville are making statements that they know are not true. Sergeant Brown says that while he is in camp they never took a twenty mile march in one day, and that ten miles a day was considered a long way.

"I think that I can state that the boys of Company A do not care to be mustered out till the government sees fit to do it," said Sergeant Brown yesterday, "and as for their being shamefully cared for in camp that is very much overdrawn. At first our hardships were many, but these we expected. Now we get the best of provisions, and as fast as the government can it is looking after our wants."

Sergeant Brown says that Captain Hanson and the other officers are doing all in their power, now that the fever has broken out to give daily relief to the suffering.

ALCOHOLISM.

It Is the Cause of Many Deaths Every Year.

The disease of alcoholism takes such a firm hold that the drinking man finds himself completely under its control. He cannot stop drinking. Step by step the disease continues its deadly work until the inevitable end comes. But it can be cured. Don't put it off till too late, but consult the Hargreaves Institute, Room 1 Jacksonville block. They are curing this disease in all its forms.

Cut Down the Fling.

To the Editor:—Some despicable scoundrel, unworthy of the protesting flag he sought to discredit, cut the halyards with which I raise "old glory" and her sister flag, the union Jack. I have two suspects, one a strong one, indeed. I will play a liberal reward for the convicting proof. Dr. Wm. Hounz.

August 25.

It takes three hours for Chicago evening papers to get to Janesville. It takes less than one second for the telegraph to cover that distance. The Janesville Gazette receives full press association dispatches, and the news is three hours later than that of Chicago and Milwaukee evening papers sold in this part of the state.

ORDERS FOR THE MUSTERING OUT

NOTICE RECEIVED IN JACKSONVILLE CAMP TODAY.

Officers Are Surprised and Endeavor to Have the Order Revoked—Gen. Lee's Influence Sought, But Will Avail Nothing—Little Comment Indulged In.

Jacksonville, Fla., Aug. 25.—[Special.]—The First Wisconsin will be sent to Milwaukee in a few weeks to be mustered out of service. A telegram came this morning to brigade headquarters, Co. Schadel was summoned, and the announcement made that the First and Fourth Regiments of Wisconsin Volunteers would be disbanded.

Col. Schadel and his staff immediately rode to Gen. Lee's headquarters to endeavor to secure a postponement of the order for a few weeks until the matter could be further looked into, but there is little likelihood that Gen. Lee's influence can effect that result.

The news provoked little comment among the officers, as it had been expected for several days.

The news given above was anticipated in The Gazette of yesterday, and its confirmation caused little comment among the friends of the soldiers.

The general feeling was expressed by the father of one of the members of Co. A, who said: "If my boy could be of any service to his country by remaining I would not ask for his discharge, nor does he wish to forsake the army as long as he can be of service. But what is the use of him and other of his companions sacrificing their lives in a prelatinal camp such as that at Jacksonville? If the regiment could be removed to a healthful locality there would be no desire on the part of any for their discharge. Under present conditions, however, I think the best thing all around is to muster the boys out and let them come home to recover their health."

No date for the return of the regiment has yet been fixed. It will doubtless leave Jacksonville within ten days at the farthest.

RECALLED THE DAYS OF '61

Closing Scenes At the Thirtieth Regiment Reunion Yesterday.

The Thirtieth Wisconsin regimental union concluded its sessions last evening, and today the veterans are again scattered to the four winds of heaven.

At the social session held in the circuit court room yesterday afternoon many of the old boys of '61 were heard from. After the speeches by Col. Lyon and Capt. Hollister, Col. Edward Ruger was called for, but excused himself from making a speech.

Capt. E. H. Hewett, of Oak Creek, Wis., made a few humorous remarks, followed by Lewis Beach, of Tyrone, N. Y. The two, though now separated by fifteen hundred miles of space, were comrades in arms in the old war days.

W. A. Wise, of Reedsburg, spoke of the old days. He had organized a company in 1861, but the powers that be would not accept his services.

Capt. C. R. Matson, of Chicago, responded to calls, and paid a high compliment to the fidelity of those who bore arms in the days of long ago for the defense of the country.

Brief words of greeting were spoken by Capt. W. A. Kinnison and H. R. Hall, of Burlington, Dr. J. M. Evans, of Evansville, who was surgeon of the regiment, Dr. J. B. Whiting, of this city, Major J. C. Cobb, Captain Pliny Norcross, Prof. Albert Salisbury, of the Whitewater Normal School, and Dr. James Mills. All the remarks were felicitous and appropriate, and were keenly enjoyed by all present.

When the veterans bid adieu to each other there were mistle before their eyes, for all realized that this was probably the last time they would all gather on such an occasion, and the partings might be the last upon earth.

Philippine Insurgents Will Yield to Us.

PROTECTORATE IS DEMANDED.

Aguinondo's Followers Declare Their Willingness to Surrender Their Arms Promptly if the Islands Are to Remain Under American or British Rule.

Manila, Philippine Islands, Aug. 25.—At a conference between the insurgents and the Americans the former declared emphatically that they were willing to co-operate with the Americans and to surrender their arms promptly if assured that the islands would remain either an American or a British colony or under the protectorate of the United States or Great Britain. Otherwise, the insurgent leader asserted, they would not dare disarm, but must positively refuse to do so. They threaten a fresh rebellion within a month if the Americans withdraw. The natives assert that the religious orders are instigating opposition to American supremacy. Many Spaniards assert that they are eager to invest their fortunes in new enterprises, but that they fear ruin if the Americans withdraw. A few monopolies, fearing competition, are secretly intriguing against the new regime. Newspapers published in both the English and Spanish languages have already appeared.

More Troops at Manila.
Manila, Aug. 25.—The transports Pennsylvania and Rio Janeiro arrived Wednesday with more American troops. No deaths occurred on the voyage from San Francisco, and the health of those on board is good.

The Raleigh sails for Hongkong tomorrow to be dry-docked. The Olympia will sail Friday for the same purpose. Admiral Dewey will transfer his flag to the Baltimore during the absence of the Olympia.

The empty transports which brought troops to Manila have been released and are now returning to the United States.

Wish to Keep Islands.

New York, Aug. 25.—A petition signed by many merchants and manufacturers of New York has been sent to President McKinley asking that the Philippines be retained. It said: "We welcome the cessation of hostilities between the United States and Spain, but maintain that in the interests of civilization, good government and commerce the islands should not be surrendered; that every foot of soil covered by the American flag thus far should be under the control of the American nation."

Fifth May Be Mustered Out.

Lexington, Ky., Aug. 25.—The Fifth Illinois may be mustered out soon. Col. Culver received several telegrams Wednesday indicating as much. One was from Gov. Tanner, saying that the regiment would be ordered to Springfield in a short time. The men have suffered much and are willing to quit. Eleven have died since the men were mustered in and ninety-five are sick at present, thirty-five of these being in the camp hospital and in the city infirmary. The surgeons have been overtaxed.

To Retain the Ninth Illinois.

Jacksonville, Fla., Aug. 25.—Quite a stir among the Illinois troops was caused Wednesday by the arrival of a telegram from Gov. Tanner to Col. Campbell of the Ninth Illinois, reading thus:

"Springfield, Ill., Aug. 23.—Col. Campbell, Ninth Illinois regiment, Jacksonville, Fla.: I have arranged with the secretary of war to retain the Ninth and Eighth regiments in the service."

"JOHN R. TANNER."

Indiana Soldiers to Go Home.
Indianapolis, Ind., Aug. 25.—Lieut. Waterman, mustering officer representing the war department here, was notified by Adjt.-Gen. Corbin that the 157th Indiana regiment of infantry and the Twenty-eighth battery of artillery would leave their camps for this city at once. The governor is informed from Washington that one other regiment, probably the 158th Indiana, will be mustered out at this time.

Muster Out for Wisconsin Men.

Madison, Wis., Aug. 25.—In reply to Gov. Scofield's telegram asking that something be done to improve the health of the First Wisconsin volunteers at Jacksonville, a message was received Wednesday that both the First and Fourth regiments would be mustered out. The Fourth is at Camp Douglas, this state.

For Richland Bank Robbery.

Chicago, Aug. 25.—George Whitney, an ex-convict and a skillful safe blower, was arrested at the muzzle of a revolver by detectives of the central station yesterday afternoon. He is charged with having participated in the robbery of the bank of Richland, Mich., Aug. 5.

Will Not Increase Reserve.

Aurora, Ill., Aug. 25.—The Illinois State Court of the Catholic Order of Foresters began its second day's session at 9 o'clock Monday morning. By a vote of about two to one it was finally decided that the reserve fund be not increased and the Illinois delegates were instructed to vote against such increase. The delegates unanimously recommended that the high court make the sessions of the state court biennial. The high court will meet at Springfield, Ill., next year.

Trade with Other Countries.
New York, Aug. 25.—A special to the Tribune from Washington says: In a remarkably able paper, out of the ordinary nature of consular reports, submitted to the state department, Consul General Frank H. Mason, at Frankfurt, Germany, writes of the "Quest for Export Markets," and shows the development of an exact, specialized science of export. The individual exporter and the association of exporters are re-enforced by expert government commissions, elaborately equipped and maintained. The efforts of France and Germany in this direction are held up for the emulation of American manufacturers and exporters, and they are warned that they cannot too soon direct their attention to the record made by these European countries.

Indian Mint May Reopen.
Denver, Aug. 25.—G. G. Merrick has received a letter from Moreton Frewen, the noted British bimetalist in which he expresses the hope that the party in this country which favors currency expansion will also favor national expansion. Regarding the currency experiment in India he says: "I understand that the commission sitting—a commission carefully packed with complacent officials—is yet unable to get any evidence which it dares print which favors the gold standard in India. It cannot then be very long before the Indian mints reopen."

Mr. Frewen also says China will absorb an enormous quantity of silver "if the trade of those myriads is about to be unlocked by modern conditions of transportation."

Schools at Santiago.

Santiago de Cuba, Aug. 25.—The conference between General Wood, military governor of Santiago, and the local authorities with reference to opening the public schools has resulted satisfactorily; and places will be ready for 4,000 children Sept. 15. The salaries of the school commissioners have been fixed at somewhat reduced figures; the element of sectarianism has been eliminated from the management and an American basis of education has been proposed.

Three Hundred Miners Drowned.

London, Aug. 25.—A dispatch from Vienna to the Daily News says that 300 miners were drowned by the flooding of the Kasimr coal mine at Nienice, near Schnowitz, Silesia, three days ago.

Syracuse Swept by a Storm.

Syracuse, N. Y., Aug. 25.—A terrible windstorm visited this city and vicinity Wednesday. Fifty dwellings were wrecked or damaged, the loss being placed at \$100,000.

Lumber and Building Material . . .

Until you bring them here. More people have found this out the past year than in any previous year, and the result is these are very busy times with us. Our trade has never been so large, and by extending our force and working over-time, we have met every demand promptly. These happy conditions may be partially due to the general revival of business, but the greatest agency has been the fact that the people are learning that our material and work are better and cheaper. All we ask is a proportionate growth during 1898, and we expect it. It will be to your advantage to help the increase along.

A Good Time To Advertise

A great many people are timid about pushing their advertising at this time—either the war or uncertainty about the stamp tax or some other reason causes them to hesitate.

It is often a wise thing to be on the opposite side.

In other words, when others are not advertising, increase yours in The Gazette.

A GREAT WASH DAY SAVING!

Every bit of work you can save on wash day is that much strength and time gained. There is a great plenty of real necessary work over and about the tub to make the closing of the day a relief to every woman. You have been in the habit of using Starch that requires boiling. Why do you do it? We are introducing a cold water Starch, called I. X. L., that does the work better in every way than any other Starch, and does entirely away with the need of boiling. We don't

make this claim for goodness of quality without knowing it positively to be a fact. We have seen it tested and do not hesitate to recommend it highly. I. X. L. cold water Starch has given the best satisfaction thus far with people who have used it. It's a new article and is taking wonderfully well, and as it becomes better known will take the place of other brands in Janesville homes. We bought in large enough quantity so that we were enabled to secure the jobbing price, and can make lower prices to the trade than is usual throughout the county. The regular retail price of I. X. L. Starch is 10c per package. We are putting it out 3 packages for 25c. Give I. X. L. Starch a fair trial. There will be no question as to your verdict.

When Mt. Vesuvius Spits Fire.

It does much harm to some localities and people but it also accomplishes some good. The lava which it belches forth is put to many uses--one in particular that is really a boon to the housewife:

Lava Enameled Solid Steel Hollow Ware...

Will stand 1000 degrees of heat and yet won't burn or chip. A new article and fire proof against servant girls. This new ware is made of sheet steel first dipped in aluminum, then in melted lava. It is practically non-destructible and absorbs the heat so that cooking can be done in much less time. Any article cooked in it will not stick to or spot the ware. It is absolutely the finest kitchen ware ever put on the market and will outwear any kind of material. It is not much higher in price. For instance:

No 8 Tea Kettles sell at \$1.00.

No 9 Tea Kettles sell at \$1.20.

We have Lava Enameled Ware in Tea Kettles, Stew Pans, Sauce Pans, Preserving Kettles, Wash Dishes, Etc. Its appearance is very smooth. You will be pleased with it.

(2 for 25c.)

Cotton Collars are in high favor in the cities this season.

We have put in a complete line of them to be sold at 10c straight; they ought to go at 15c but we are after reputation. These collars stand wear and laundering better than linen--so people say who have worn them. The shapes are all late, in fact, in duplication of imported German collars that retail at 35c; you can have all you want of them at.....

10c

Broken sizes in Cleet, Coon & Co.'s and Earl & Wilson's 25c collars, standing and turn down go at 5c.

A Mothers' Opportunity...

In those wide turn over collars for boys to wear with shirt waists, regularly sell at 20c; we put them down to 5c. We are cleaning out our collar stock and have many good bargains at 5c.
